

TeeMark is proud to show you what we can do!

Design for fire ring

Finished Products

This flag was designed and made to protect the back window of a truck that hauls metal. Top opening is for the brake light and bigger opening is for the driver to see through when using his rear view mirror.

TeeMark's can also do Etching!

Please contact us for a quote on your customizing needs.

Custom fire pit is designed to set on a patio. It has a removable grate system as you can see in the picture. If you look toward the bottom you will see a handle to allow you to pull out the tray and dispose ashes. We use a high temp black paint on the fire rings and fire pits.

Kirby's water and food dish holder.

Business sign made from an old saw blade
